THIS IS YOU!

THE PAIRING PROCESS

- After completing the interest form, the older adult will be contacted by a staff member or volunteer assessor. They will set up a time to complete an in-home assessment with the older adult.
- Once the staff member or volunteer assessor has completed the necessary paperwork with the older adult in-person and verified the older adult is eligible for our Visiting Companion program, the older adult is ready to be matched!
- The pairing process can take 1-2 weeks. Upon pairing, you will receive an email with the following:
 - Visiting companion's name
 - City
 - Phone number
 - A short bio
 - Next steps
- Please note, the older adult or referrer will also be sent an email sharing they have been matched.

OUR OLDER ADULT MEMBERS

- Everyone is different and we celebrate this at Friends & Co! Some of our members are talkative, some are quiet. Some like to get out and about, and others prefer connecting at home.
- While we don't have a perfect pairing process, we do our best to pair people.
- We want all our older adult members and volunteers to feel supported and this means celebrating differences and being supportive to all!

CONTACTING YOUR VISITING COMPANION

- We ask that you call your visiting companion within a few days of receiving their name and contact information.
- When you call:
 - State your name
 - Share you are their new Friends & Co visiting companion
 - Let them know you are excited to visit with them
 - Determine how frequently you would like to visit and where
- Friends & Co asks that companions visit at least once a month. Most of our visiting volunteers visit 1-2 times a month, with some visiting more often. Please establish a schedule that works best for you and your older adult. Phone calls, emails, or cards between visits are also great ways to stay in touch!
- Companions visit at their homes, restaurants, libraries, and other fun places around town. Choose what works best for the both of you!

VISITING COMPANION EXPECTATIONS

- As a visiting companion volunteer, you are asked to provide conversation and companionship to the older adult you are matched with by visiting and chatting on a regular basis. Visits can include having coffee at their house, going bowling, playing a board game, or attending an orchestra concert. The possibilities are endless!
- As a visiting companion volunteer, you are **not** expected to provide transportation, food services, or medical advice. You are also not expected to run errands.
- It's perfectly fine if you want to meet outside the older adult's home! However, we encourage companions to meet directly at their final destination. While driving your older adult is not prohibited, please note that Friends & Co is released from liability for any injury incurred during volunteering, including travel-related activities.

COMMON TYPES OF CONVERSATIONS

HAPPY

"We talked about St. Patrick's Day. He said there was no party at the Care Center, but in honor of the day he wore his green sweatshirt!"

SOMEWHERE IN BETWEEN

"Talked with her about her urgent care experience and family drama. She just needed to vent..."

SAD

"She was lonely today - cried about missing her boyfriend that had passed away."

CONVERSATION SCENARIOS

SCENARIO	POSSIBLE VOLUNTEER SOLUTION
Repetition	Patience and reframing, inquisitive inquiry.
Complaints	An empathetic, patient ear, and possible redirection.
Despair	Kindness, optimism, and patience. Questions directed toward solution-seeking.
Seeking advice	Instead of advising, encourage them to problem-solve and look at all possibilities.
Silence	Doesn't need to be filled right away! The caller may just need a moment to gather their thoughts. Wait before trying to fill it.

SUBMITTING ENGAGEMENT REPORTS

- By submitting engagement reports, our staff gains valuable insights into the progress of the pairing, and it provides an avenue for addressing any questions or concerns you may have. Additionally, these reports play a crucial role in our grant applications and funding efforts, as they demonstrate the impact of our programs.
- Engagement reports can be completed after each conversation or at the end of each month.
